

# Alpha UPS 600 RM / 1000 RM / 2000 RM

Reliable Power Protection for Home ,Home Office Computer and Workstation

Power Series Line-interactive UPS is the best protector for the microcomputer and other exact electronic equipment, with excellent power technology, high performance, fluent and sober outline. Outstanding design and functions, free watch-keeping realized.

The monitor software provides a friendly user interface and powerful functions. It could detected AC power status, Auto shutdown system, and Schedule shutdown time by yourself, etc. Computer system can be automatically shutdown, data can be automatically stored, preventing loss data and software.

1. Specially designed for PC users.
2. Cold Start Function.
3. Inside AVR, the all-range-voltage stabilization.
4. High Voltage & Short circuit & Overload.
5. Beeping alarm for Battery Low and Overload.
6. RJ11 and RS232 connect computer interface, adopt monitor software.
7. Buck/Boost/On-line/On-Battery/Low-Battery LED Display on front panel.

Line-interactive	Alpha UPS 600 RM	Alpha UPS 1000 RM	Alpha UPS 2000 RM
Capacity	600VA / 360W	1000VA / 600W	2000VA / 1200W
Input Voltage	230V		
Allowable Range	200 - 240V		
Input Protection	Fuse		
Input Frequency	50/60Hz Auto Selectable		
Output Voltage	220V +-10%		
Output Frequency	50/60Hz +-1Hz		
Output Waveform	square wave		
Protections	High Voltage & Overload & No load & Short Circuit & Low Battery		
Battery	1 x 12V 7Ah	2 x 12V 7Ah	2 x 12V 9Ah
Total Battery Voltage	24VDC		
Recharge Time	8 Hours		
Backup Time	10min.	10min.	5min.
Comm Interface	Ture RS232 and RJ11		
User Interface	LED Display / Buck / Boost / On-line / On Battery / Battery-weak		
Audible Sound	40dBA		
Operating temp	0-40 °C		
Store temp	-15-45 °C		
Dimension (DxWxh)	433 x 482 x 86 (2U/2HE)		
Net Weight	13kg	16kg	18kg
